Bintan occupies a place of importance in the history of South East Asia.

It once stood as a centre of commerce and power, a legitimate successor to the Malacca Empire and a proud predecessor to modern Singapore.

Bintan is highly reputed for the various relaxing activities it offers. The numerous resorts in the north of the island compete with each other in comfort and the facilities they provide. Jacuzzis, terraces, spas and massage, golf courses, excellent restaurants, marvellous cruises across the mangroves...

There is something for everyone's taste! 8th Wave can guarantee you that you will come home from this journey more relaxed than ever.

TRADITIONAL FISHING TOUR

The background image is a composite of two photographs. The left side shows a wide river with a wooden pier and a small boat in the foreground, with a forested hill in the distance under a cloudy sky. The right side shows a close-up of a traditional wooden fishing structure (bubu) built on stilts over the water, with a thatched roof and various fishing equipment visible.

Observe fishing the traditional way; the techniques of the local fisherman will amaze you! Enjoy a ride in a wood sampan on the calm waters of the Sebung river and test your skills by throwing the “jala” or casting net.

If all efforts fail, your tour guide will ask you to fish with a “bubu” (boo-boo, traditional fish trap). These are traditional fish traps made from bamboo or wire to catch crabs and fishes. Your friendly guide will certainly teach you some techniques if you’re ready for it!

SRI BINTAN KAMPUNG ECO TOUR

Explore the traditional Indonesian Kampung (local village) of Sri Bintan and get a glimpse into the daily lifestyle of the villagers. During this 3-hour guided tour you can experience many interesting village activities. See the local women folk weave pandan leaves into usable products such as handbags and hats.

Discover how the local blacksmith makes agricultural tools from scrap metal! Visit a working rubber plantation - try rubber tapping and learn how rubber is made from trees!

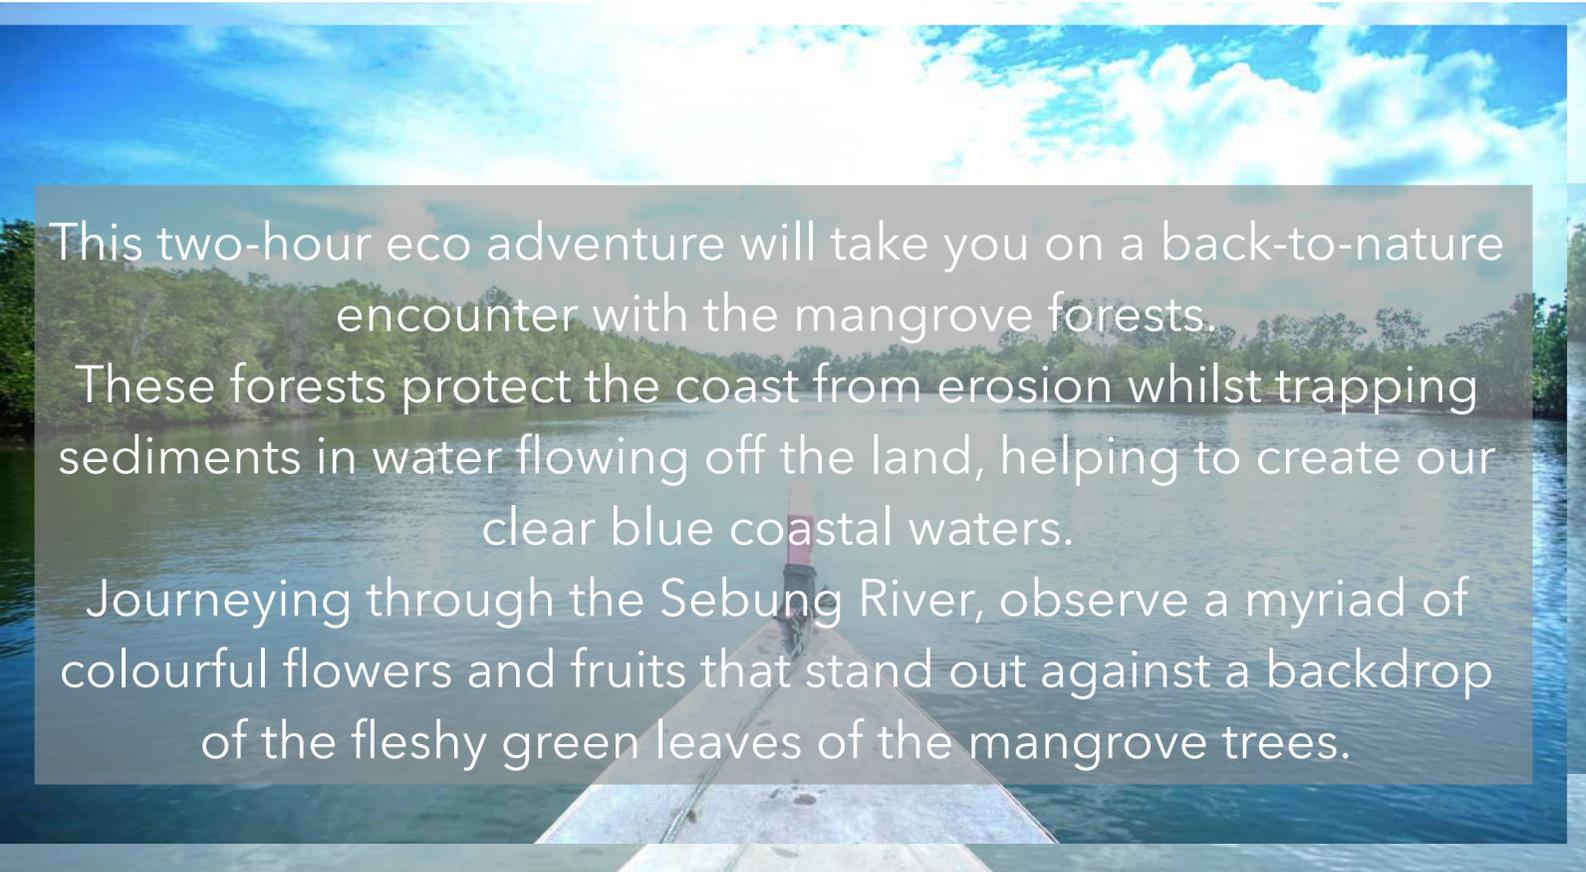

You can also find and enjoy many exotic fruits when in season. The tour finishes off with an optional traditional villagelunch, accompanied by a traditional Indonesian dance performance.

MANGROVE ECO TOUR

This two-hour eco adventure will take you on a back-to-nature encounter with the mangrove forests. These forests protect the coast from erosion whilst trapping sediments in water flowing off the land, helping to create our clear blue coastal waters. Journeying through the Sebung River, observe a myriad of colourful flowers and fruits that stand out against a backdrop of the fleshy green leaves of the mangrove trees.

Wildlife & Indigenous folks
The river also has exotic wildlife like Macaque and Silver Leaf monkeys, monitor lizards and snakes, birds, such as the Kingfisher and the Purple Heron. As the river meanders further south, catch a glimpse of the orang laut (sea gypsies) and kelongs (fishing houses built on stilts over water). Also look out for the traditional charcoal kiln and fishing traps.
