

Simply  Poland

...simply the best

About us

Simply Poland DMC is a dynamic duo based in Kraków that specialises in themed tours, leisure groups, conferences and incentive trips. Because of our boutique approach, we are able to meet and exceed our clients' expectations. We do not run universal offers – every client is unique and has different goals, wishes and distinct preferences for sites and events. That is why our biggest priority is getting to know and understanding our clients' specific needs and through dedication and effective communication, strive to meet each and every one of them.

As Simply Poland DMC our mission is crystal clear, we want to share Poland with you, the very best of what makes this country a wonder for the adventurous – it's history, nature, culture and cuisine. We are uniquely qualified to help you make your time in Poland simply unforgettable.

Gabriela

She worked for few years in a hotel and then in one of the biggest tour operators in Poland. Gabi also worked with clients from the Scandinavian and German market. While travelling, she likes to explore new things – the sky is the limit! You can count on her in any situation – she is well organised, cares a lot about her clients and loves solving challenging situations. She is joyful, positive, action-oriented and even drives a camper. She plays squash, loves playing social games but...she is not a big fan of tomatoes.

Anna

After graduating German philology, Anna started her career as a travel consultant and after a few years became the head of department, working with clients from Nordic and German speaking countries. She cares a lot about people and is a very good listener – patient and attentive. Anna loves a good sense of humour, watching movies, reading books and eating good food, especially when it comes to new cuisines. She enjoys Pilates and in winter, loves to ski but that's not all – Anna also has an extreme side – occasional parachuting or climbing is no challenge for this strong woman.

We are SIMPLY ready and eager to cooperate with you.

We hope you will be our next great experience!
